

Message from the BDTA President, Peter Rees

“Attendance at Showcase benefits the whole team”

When else would you have the opportunity for your whole team to take part in an event that offers something for all Dental Care Professionals?

Showcase is an opportunity for all members of the dental team to visit the stands of the key players in the market, and also the manufacturers of those obscure ‘widgets’ without which daily practice

could become such a chore.

Manufacturers will be doing their best to promote their latest wares which will offer anything from a complete change in the way that you work to simply a refinement of what you do that will prove time - or money - saving if adopted.

But it is not all about products – there will be stands featuring the means by which personal and personnel development can be organised – allowing for Continuous Professional Development that all Dental Care Professionals will be seeking. Courses on techniques, communication, finance, practice management and teamwork to name a few can all be found and even attendance at Showcase will generate its own CPD points – how can you miss it?

Reserve your ticket Now!

Reserve your complimentary ticket to guarantee fast track entry to the exhibition, by visiting www.dentalshowcase.com or calling the telephone hotline 01494 729959. Advance registration closes 12 October 2007. On the day registration: £10 per person.
