

Become a friend of Dental Showcase on Facebook

Dental Showcase has recently launched a page on Facebook and the BDTA, organiser of the event, is inviting members of the dental team to become a friend of the UK's premier dental exhibition.

If you are already registered with Facebook, then its simple. Just log in and enter Dental Showcase in the search engine to display the Showcase page. The BDTA will be uploading pictures taken at the event so you can check if you were captured on camera and details about this year's event will be added regularly.

Tony Reed, Executive Director of the BDTA, commented, "We realised that social networking sites are becoming increasingly popular with all members of society and responded to the trend by launching a page for Dental Showcase on Facebook. We are delighted to see that people from the industry have already found us on there and joined the Showcase club. We look forward to welcoming more members of the dental team shortly."

BDTA Dental Showcase takes place at ExCeL London, 2-4 October 2008. You can reserve your complimentary ticket by visiting www.dentalshowcase.com, telephoning the registration hotline on 01494 789959 or texting your name, address, occupation and GDC number to 07786 206 276. Advance registration closes 26 September 2008. On the day registration: £10 per person.
