

## Dental Technician Honoured

Brian Gordon was awarded an Honorary Fellowship of the Dental Technologists Association at the 2009 BDA Honours and Awards Dinner. Brian received the award for his significant positive impact on dental technology and associated patient care over many years.

Presenting the Honorary Fellowship on behalf of the DTA Council, Tony Griffin said: "This honour is awarded to an individual who has not only worked tirelessly in developing the future of dental care and the profession of dental technology but who has gone significantly beyond what would have been expected of a member of our profession. Brian Gordon is a most worthy recipient of this, the DTA Honorary Fellowship".

During the evening, an award for Contribution to Clinical Dental Technology was presented to Kevin Manners and an award in appreciation of her dental nursing activities was given to Janet Goodwin.
