The Implant Theatre is set to provide quality education and key insights for the entire dental community, no more so than Dental Technicians. This is a must attend theatre for DTS delegates, with not-to-be missed sessions covering - bone regeneration versus bone substitute, to the basics of dental implantology and everything you need to know about digital implant dentistry and how to use it. This excellent programme will be delivered by industry leaders including Curasan and Implantium. A line-up too good to miss.

The Core CPD theatre returns for 2017, with an expanded and improved two-day programme. Covering all the major CPD topics, industry experts will run presentations covering core areas every Dental Technician should include in their CPD training. Including disinfection and decontamination, medical emergencies, legal and ethical issues and complaints handling.

The Business Skills Workshop will host a varying two-day programme, delivered by industry-renowned speakers, perfect for Lab Technicians and Lab Owners. All sessions will be business themed, and will cover a variety of topics including effective communication, brand development, managing your team and attracting new business.

Plus sessions covering the following topics:

- Oral cancer and Safeguarding
